Concrete Furniture & Bench Tops

A new age of unique, timeless design

Concrete Furniture & Bench Tops offer timeless design and versatility for residential or commercial purposes. With years of experience in concrete design and development, AusFloorworks offer techniques unsurpassed in the creation and application of concrete bench tops and concrete furniture. The highly customisable material allows for incredible versatility and offers many elements to suit your design requirements.

AusFloorworks Concrete Furniture & Bench Tops are available in a wide variety of materials, designs, finishes, and colours. The result for you is a one of a kind bench top, which looks high end. The choices range from shape, colour and thickness, to texture and physical design, and much more. Shaped in the hands of our experienced team, your concrete bench top will be unique and timeless, and unlikely to need replacement.

AusFloorworks are the experts in choosing the right flooring, bench tops and concrete furniture to suit your requirements – from strength and durability, to easy maintenance, to aesthetics, or to sustainability. It is with pride and professionalism that AusFloorworks provide the best in service and advice.

AusFloorworks Concrete Furniture & Bench Tops will be your one of a kind design choice, both aesthetically and functionally.
