## EcoGround™ Flooring

### Superior strength and lasting style

EcoGround™ Flooring is a high quality polished concrete flooring ideal for commercial and residential environments. EcoGround™ Flooring is a pristine surface of enduring and sustainable quality. Perfect for high traffic areas, EcoGround™ is the most durable flooring solution.

With a set level of shine (matt, satin, semi-gloss or high gloss), you choose the finish that will enhance and compliment your interior design. Available in a wide range of colours and effects, it is easy to create the style and image you require. EcoGround™ is cost-effective, easy to clean and maintain, and is environmentally friendly.

*AusFloorworks are the experts in choosing the right flooring to suit your requirements – from strength and durability, to easy maintenance, to aesthetics, or to sustainability. It is with pride and professionalism that AusFloorworks provide the best in service and advice.*

If you are searching for a long term flooring solution for both practicality and style, EcoGround™ is the perfect choice.
